

Gallagher T-Series Readers T20, T12, T11, T10

The Gallagher T-Series Reader and Terminal range provides contactless card readers for access control management as part of the Gallagher security integration platform.

Key features across the series include the following:

- High speed RS485 protocol, HBUS, offers an access decision response time of 200 milliseconds.
- Unparalleled reader security through IT grade authentication and encryption between the reader and controller with HBUS
- Support for multiple card technologies including: Mifare DESFire EV1, Plus and Classic, as well as 125 kHz proximity technology (T20, T12 and T11 multi technology readers only)
- Unrivalled reader durability and water/dust protection
- Environmentally friendly - RoHS compliant and designed for minimal power consumption
- Backwards compatibility - the readers are compatible with Cardax IV enabled Gallagher Controller and GBUS URI hardware
- Support for custom site encryption keys
- Heartbeat monitoring to ensure reader status can be monitored in real time
- Extensive range of reader mounting and protection accessories.

Gallagher's T-Series Reader range - T12, T11 & T10 provide additional functionality including:

- IP68 environmental protection and IK07 for impact protection
- Contemporary design - classic black and white, with both mullion or flushbox mounting variants
- Configurable illumination and sound; where visual or audible indications may cause distraction
- Lifetime warranty

Gallagher's T20 Terminal provides additional functionality including:

- Contemporary and intuitive user interface, with a 3.5" colour LED screen and large backlit keys
- Clear display icons for key access control tasks
- Superior ingress and impact protection
 - IP66 environmental protection and IK09 for impact protection
- Card only and card + PIN access modes (including duress access support)
- Dual cardholder authentication
- Terminal based access mode selection
- Door alarm zone arming/disarming
- Additional capabilities with Gallagher HBUS reader protocol:
 - Enforce cardholder compliance with entry regulations through competency message display
 - Fully up-gradeable software to keep your system up to date with latest technology developments
 - Ability to perform automatic software updates in situ
 - Multiple language support
 - Integrated rear tamper

Gallagher also provide a number of accessories for the T-Series range including:

- Protective Covers - protect readers against vandal attacks and harsh environments*
- Dress Plates - cover up holes left by previously installed readers, ensuring a clean finish for sites upgrading their reader and terminal hardware
- Spacers - enforces a space between the reader and the mounting surface, allowing installations on metal surfaces whilst preserving credential read range
- Bezels - surrounds available in a variety of colours to suit décor
